12.17.3 Ways for a candidate to shadow judge

Procedures for Candidates and Clubs

- a) candidates must obtain approval from the Judge Educator/Mentor judge prior to the competition
- b) a candidate can undertake shadow judging on Competitive, Participation, Restricted, Eventing, or Interschool competitions. Pony club competitions can also be used provided current EA Dressage tests are used and an approved JE/Mentor is officiating – see restriction below
 - only 1 Eventing, Interschool or Pony Club competition may be used as a shadow judging assessment
- c) the supervising judge for all shadow judging must be an appointed JE/Mentor of the required level as per rule 12.17.1
- d) all shadow judging for upgrading assessment must be carried out in conjunction with a competition – note, the entire competition must be judged, shadow judging by video is not permitted
- e) the candidates must retain their judging sheets and calculate their scores
- f) in conjunction with the supervising competition judge, a candidate must have a number of the test sheets discussed and compared
- g) the supervising competition judge needs to make arrangements with the OC/scorers for a suitable number of the actual competition test sheets to be available from the competition the candidate has shadow judged. Such sheets (or preferably copies) must have had the scoring finalised
- h) time must be set aside for useful discussion between the supervising competition judge and the candidate doing the shadow judging. Both judging and discussion must occur to be valid and of educational benefit
- i) the supervising competition judge is to complete the EA shadow judging evaluation form which will be provided by the candidate
- j) the evaluation form is to be kept by the candidate to be submitted to the Examining Authority prior to sitting the practical examination

- k) shadow judging can also be undertaken at Eventing Dressage provided the required Judge Educator/ Mentor as per Annex I (see main rulebook) is the supervising judge:
- 1*and 2* Eventing Dressage Tests can be used for Novice shadow judging
 - 3* Eventing Dressage Test can be used for Elementary shadow judging
 - 4* Eventing Dressage can be used for Medium shadow judging

12.17.4 Ways for a candidate to do assessed sit-ins

Sitting-in (either assessed or not assessed) is a learning process and whilst there is now a compulsory element for an assessed sit-in for upgrading, all judges are encouraged to use sitting-in as a continuing learning exercise.

- a) candidate can undertake an assessed sit-in on Competitive, Participation, Restricted, Eventing or Interschool competitions. Pony club competitions can also be used provided current EA Dressage tests are used and an approved JE/Mentor is officiating – see restriction below
 - Only 1 Eventing, Interschool or Pony Club competition may be used as a sit-in assessment.
- b) candidates must obtain approval from the Judge Educator/Mentor judge prior to the competition
- c) a single candidate should sit-in with an appointed Judge Educator/Mentor judge for the entire competition where possible
- d) the candidate is to be asked questions about riding/judging principles in the break or when time allows. Corrections should be given immediately by the Judge Educator/Mentor if needed
- e) after the competition there should be a chance for a short discussion about the outcomes of the sit-in, emphasising the strong and weak points and giving further recommendations
- f) if the candidate has indicated that the sit-in is to be assessed the Judge Educator/Mentor is to complete the EA sit-in evaluation form which will be kept by the candidate to submit to the Examining Authority prior to sitting the practical examination
- g) an assessed sit-in may be substituted for one shadow judging for D, C, B or A levels only. If upgrading to B- or A-level then only the lower level may be dropped (e.g. PSG for B level or Inter A, B or II, for A level)
- h) freestyle competitions are not permitted to be used for an assessed sit-in
- i) tutoring/mentoring may take place from outside the competition arena e.g., in a quiet place in the stands. For an upgrading/assessed sit-in the following applies:
 - must take place with a Judge Educator or approved Mentor applicable to their level
 - no more than 2 candidates at a time
 - each candidate to propose marks for a minimum of 6 horses i.e., need at least 12 horses in the competition if there are 2 candidates
 - sit-in assessment form to be completed for each candidate
 - it is strongly recommended that candidates undertake sit-ins prior to commencing shadow judging

12.18 Judges seminars

These seminars provide an opportunity for discussion between judges and candidate judges to find the standard. An approved EA judges' seminar may only be conducted by EA Judge Educators or FEI Judge Educators who are conversant with conducting Judge Education seminars. Visiting FEI Judge Educators must be endorsed by the Chair of the EADC or the EADOC.

It is recommended that at least one seminar at each level should be held annually in each state.

The level of seminars includes:

- G, or G/F Level – stand-alone G is preferred
- F, E, D or C can be held as standalone
- E/F, D/E, C/D can be held as 2 consecutives
- D/E/F or C/D/E – 3 consecutive levels – Regional areas only - EADOC approval is required
- A/B or A/B/C - no need to seek EADOC approval

Additionally:

- a) ideally a seminar is to cover no more than two national levels
- b) seminars covering 3 levels – D/E/F – will only be considered in regional areas. The approval of the EADOC is required on recommendation from the SDA. Current G-level judges can attend to maintain their accreditation. An D/E/F seminar is not to be used for trainee judges upgrading to G. G candidate judges must attend a G or F/G seminar to become accredited
- c) a seminar should be a minimum of 5-6 hours duration. If the online generic and technical theory sessions are all delivered prior to the practical session, then the technical theory could be reduced to 2-3 hours

 - o via an online meeting platform session with a JE; or
 - o at the practical seminar
 - technical theory related to the basic training scale principles for the level of the seminar
 - o the technical theory content, which must be interactive, can also be delivered online for all levels; and
 - o can be undertaken at a separate time
 - o be of at least 2-3 hours duration
 - also explaining the collective mark(s)
 - practical judging training, which usually involves individual movements and may also involve whole tests with suitable horses
 - any updates relevant to the level of seminar
- f) where the technical theory of a seminar is delivered online, the practical face to face session must be delivered by the same Judge Educator for it to be counted as a seminar and for continuity purposes in education and recording of completion of the seminar requirement. Ideally the practical session should not be held more than 6 weeks after the online theory session.
- g) however, for those who attend the technical theory part of the seminar delivered online but not the practical session, the online session may be counted as a workshop.
- h) online delivery of seminars for D level and above, for one seminar during a reaccreditation period is offered as a delivery option when special circumstances dictate that a face-to-face session is not possible. This will be in consultation with the EADOC
- i) Videos may be used as an additional aspect of teaching or for assessment
