**Purpose:** To confirm that the horse, having begun to develop an uphill balance at Elementary Level, now demonstrates increased engagement especially in the extended paces. Transitions between collected, medium and extended paces should be well defined and performed with engagement. The horse should be reliably on the bit and show a greater degree of straightness, bending, suppleness, throughness, balance and self-carriage than at Elementary Level  
**Introduces:** Half pass at canter; rein release at canter.

**Instructions:** To be ridden in a snaffle bit or a double bridle. The working, medium and extended must be conducted in "sitting" trot unless otherwise specified.
